

ESSENTIALS RADIUS DIVIDING CURTAIN

MODEL
CURT-RD

The Radius Dividing Curtain system is custom engineered for individual facilities and is designed to fully enclose a court with a wrap-around curtain.

The system features segmented curtains to allow access to the court and is based on a traditional Essentials style folding curtain.

Like all curtains in the Essentials range, Radius options can be made from solid, mesh, all-vinyl, or a combination of these materials.

The system is operated by a key switch and electric motor with micro-switch height adjustment.
