

## NAUTRONIC OUTDOOR SCOREBOARDS

Highest quality outdoor score boards made from a custom aluminium chassis with plexiglass front cover tested to DIN 18032-2 ball impact standards.

Supplied with the Naucon 10 hand held controller with fast start up from sleep mode, and typical battery life of 3 years or 80,000 button pushes.

The scoreboards use the latest SMD LED technology for the greatest energy efficiency, and with up to 285 LED's per digit, the highest possible brightness for visibility in bright light. Scoreboards also include auto-dimming sensor so they do not overpower at night.

Systems include a loud horn with auto cut-out to prevent burnout, and self-diagnostic systems for easy ongoing system monitoring.
