

STADIA MULTISPORT POSTS

The Stadia multipurpose post system is a high quality and easy to handle all in one system catering for multiple sports from a single set of sports posts. Meets USA VBA, NCAA, and NFHS competition specifications.

- Upright posts made from high tensile aluminium.
- Weigh only 11kg per post for ease of handling.
- Primarily used with ground sleeves (T base option available if required).
- Net heights are adjusted by sliding aluminium rails.
- Net can be set at senior men's volleyball height to tennis height or anywhere in between (suits all volleyball heights and a range of other sports).
- The net tensioner incorporates a heavy duty, self-locking ratchet mechanism with a compression clutch brake type release.
- High tensile nylon strap incorporated into winch for easy net attachment.
- Available in pairs, or with common centre post option.
- Nets and post padding available on request.
