

## ESSENTIALS SIDE FOLD BASKETBALL

HiTech Sport's Essentials Basketball range provides a cost effective system based on FIBA certified international level designs used in big stadiums more suited for use in venues where a top line product is not required.

- FIBA level 3 certified.
- Designed for use in schools, and recreational or community centres.
- Engineered to allow flexibility in installation and a quality product at a lower cost.
- Sideways folding operation with offset hinges for flatter storage.
- Adjustable projection up to 3600 mm on standard system
- 6 connection points to the wall, including 4 steel arms for maximum stability.
- Includes a full size 50 mm thick reinforced Fibrelite backboard (not timber) for improved ball rebound and strength.
- Direct mount goal connection to structural centre mast for ultimate strength.

Check the [online video](#) for full demonstration of this system.

Upgrades can include spring loaded rings, backboard padding, [height adjustment systems](#), and electric actuation enabling automatic folding via key switch.

Systems are designed to mount to a 150 SHS member, or can be attached to a concrete wall if required. Custom made configurations can be supplied but additional costs and longer lead times apply.
