

BADMINTON

BMAL

BMEST

BMINF

HiTech Sports can provide a complete range of Badminton options, suited for a range of competition levels.

BMAL - Aluline Sleeved System

A traditional sleeved system with aluminium construction for ease of handling.

BMEST - Essentials T-Base System

An innovative T base system with wheels for portability. Extremely stable when in play as it bolts into the floor and cannot work loose like key plate systems can, and the system is designed so it can be stored folded flat to minimise storage requirements. Non marking wheels allow simple tip and roll deployment.

BMINF - International Freestanding System

Freestanding portable weighted system with integrated weighted base. Suitable for international competition. Included wheels for simple tip and roll operation, and with fine net height adjustment to ensure perfect set up every time.

System: Badminton
