

ALULINE MULTI-PURPOSE GOAL

A high quality multisport goal for use indoors and out.

- Meets the regulations for Futsal, Indoor Hockey and Handball.
- Custom engineered 80mm square aluminium.
- Collapsible sides for maximum space efficiency.
- Unique folding ground frame for additional stability.
- Heavy duty 45mm net to catch smaller balls.
- Welded corner construction.
- Aluminium non-rust with white powder coated finish.
- Rubber overlay on base of posts protects surface, and provides additional friction, minimising goal movement.
- DIN 18032.3 anchoring.
- Unique in profile net attachment.
- Light and easy to handle.
- Supplied flat packed for transportation.
- Can be supplied with anchors to bolt down for stability, or upgraded to include ground sleeves.
