

SPORTS FIELD FLAGS

HiTech Sports supplies two flag options, a freestanding model for retrofitting on synthetic fields, and a sleeved version for in ground use without the intrusion of any base.

Both feature high visibility pennants and spring loaded bases.

Freestanding Flags

- Stainless steel laser cut base
- Cut out on base so there is no intrusion on the field
- Low profile base to minimise trip point
- Knock over resistance on impact
- 500 x 460mm high visibility flag

Sleeved Flags

- In ground sleeve with integrated cap
- Flexible rubber spigot for “spring loaded” flag
- PVC flag upright to 1500mm
- 500 x 460mm high visibility flag

System: Flags (Field Sports)
Product Code: FLGS
